

PRODUCT DATA SHEET

GIANT Motorcycle 4T

Premium 10W40 4-Stroke Motorcycle Oil

DESCRIPTION

GIANT Motorcycle 4T is a premium Semi-Synthetic 4-stroke motorcycle oil specifically designed for use in both air-cooled as well as liquid-cooled 4-stroke motorcycles. It is formulated to exceed the specifications of API SL and JASO T903, including JASO MA2 friction category, thus ensuring improved clutch performance.

GIANT Motorcycle 4T is also a shear-stable multi-grade lubricant suitable for high output four-stroke engines operating under severe riding conditions. The state-of-art additive system ensures excellent protection against wear, rust and corrosion, as well as minimises the formation of sludge and varnish deposits.

BENEFITS

- Premium-quality oil that meets or exceeds the warranty requirements of most manufacturers for 4-stroke motorcycles with a specification for JASO T903, JASO MA2 and/or API SL.
- Superior gear and wet-clutch performance.
- Excellent anti-foaming & anti-corrosion properties.
- Keeps the engine clean and in good condition, even while operating at high temperatures.
- Semi-Synthetic base ensures a higher Viscosity Index to counter the variance of viscosities under different temperatures, providing ample protection even at higher temperatures.
- Compatible with commercially-available motorcycle oils.
- Better thermal stability and oxidation controls allow for extended drain intervals.

PERFORMANCE STANDARDS

- API SL
- JASO T903, JASO MA2

TYPICAL APPLICATIONS

- Motorcycles with 4-stroke engines, either air- or liquid-cooled.

TYPICAL PROPERTIES

SAE		10W40
Specific Gravity	ASTM D-4052	0.8648
Kinematic Viscosity, cSt @ 40°C	ASTM D-445	90.4
Kinematic Viscosity, cSt @ 100°C	ASTM D-445	13.2
Viscosity Index	ASTM D-2270	146
TBN, mgKOH/g	ASTM D-2896	5.6
